

MONDATO SUMMIT ASIA 2018

TUESDAY & WEDNESDAY, NOVEMBER 27TH & 28TH
JAKARTA, INDONESIA

ABOUT THE INNOVATION ARCADE

Description

A select group of companies will be invited to exhibit their products during a unique 50-minute session in a separate hall on the second day, Wednesday, November 28th of Mondato Summit Asia in Jakarta, Indonesia. All companies must have a unique, innovative solution deployed in the South or Southeast Asian region in one of the following categories:

Financial Inclusion	Energy & Water	Female Empowerment
Health	Education	Micro-loans / insurance
Agriculture	Disaster Response	Data Analytics

Participants will have the chance to display their branding and demo their products and/or solutions to the conference attendees during the session.

How It Works

The arcade participants will have the chance to showcase their products for the duration of the second day of the conference, and will be part of an exclusive 50-minute session from 11:00 until 11:50 am on Wednesday, November 28th in a connecting conference room where the attendees will be ushered to visit the demo booths.

Each company will be provided with a rectangular table and 2 chairs for the duration of the Arcade. There will be space set aside at the venue for storage and time for setup provided prior to the session. Participants are responsible for all additional materials required for branding and/or display. Participants will be provided the opportunity to distribute literature in our “Media Partners” section for the duration of the event.

If selected, the company will receive the opportunity to include their **high-res logo** and a **125-word company description** published in the conference guide to be distributed to all of the attendees at the event.

For more information, or to nominate a company, please contact Arielle Jaffe via email at ajaffe@mondato.com.
